

## **Instructions to see Live footage of VVIP construction site**

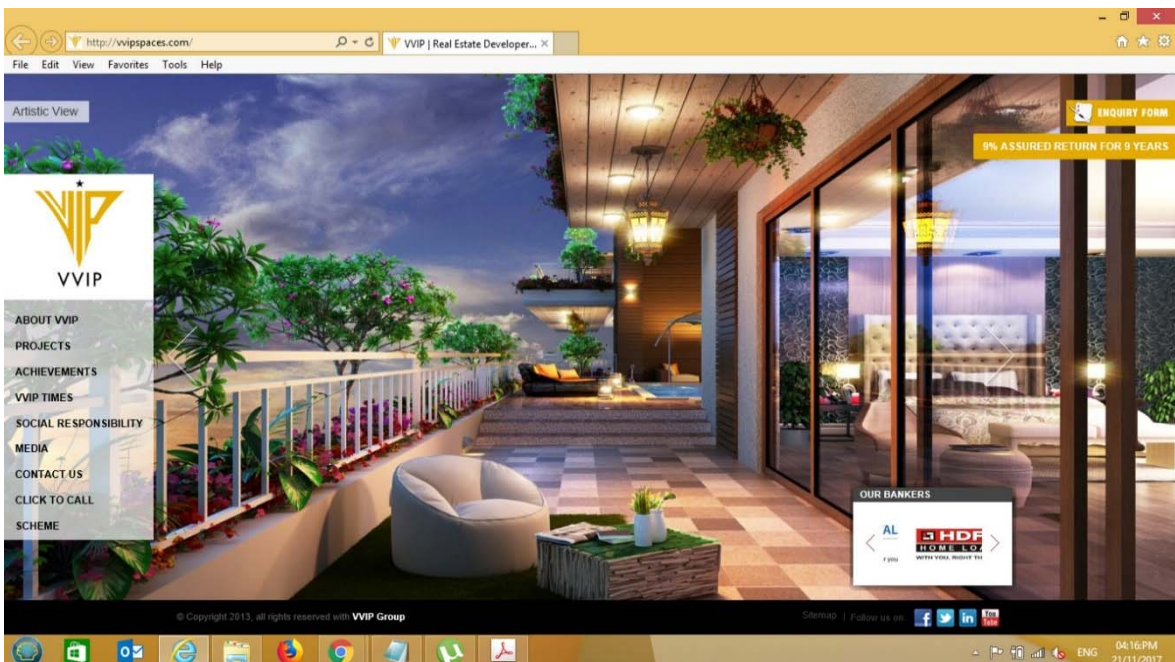

**Pls. Read this document carefully before watching live footage of VVIP HOMES construction update & follow the following steps.**

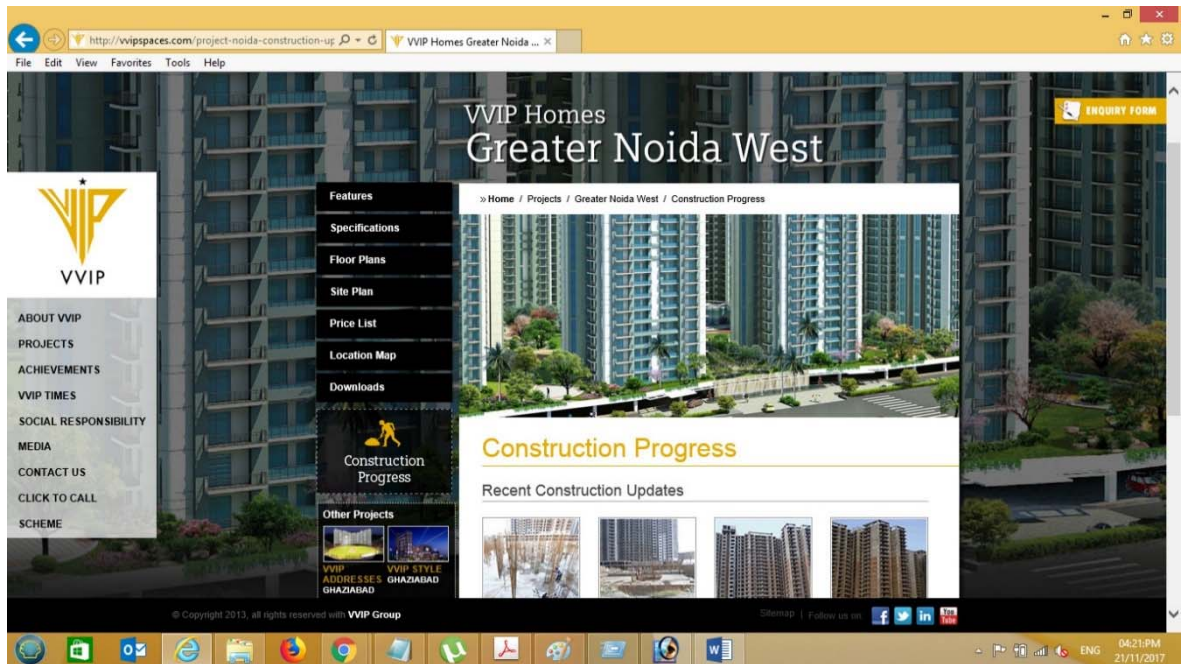

### **Software Requirement**

- a. Windows based PC (Windows 98/XP/7 & windows server).
- b. Internet Explorer 6 and above (This Device tested on Internet Explorer).
- c. A high speed internet Connection (A slow connection will not guarantee to see live footage of our construction update, 512 Kbps or more will work).
- d. Setting of activeX control :
  1. Open Internet Explorer.
  2. Click the Tools menu, and then click Internet Options.
  3. On the Security tab, click the Custom level button.
  4. Scroll down the Security Settings list until you see ActiveX controls and plug-ins.
  5. For automatic prompting for ActiveX controls, click Enable.
  6. Scroll down to Download signed ActiveX controls and click Enable or Prompt.
  7. Scroll down to Download unsigned ActiveX controls and click Enable.
  8. Scroll down to Run ActiveX controls and plug-ins and click Enable or Prompt.
  9. Scroll down to Script ActiveX controls marked safe for scripting and click Enable or Prompt.
  - 10 Click OK, and then click OK again.

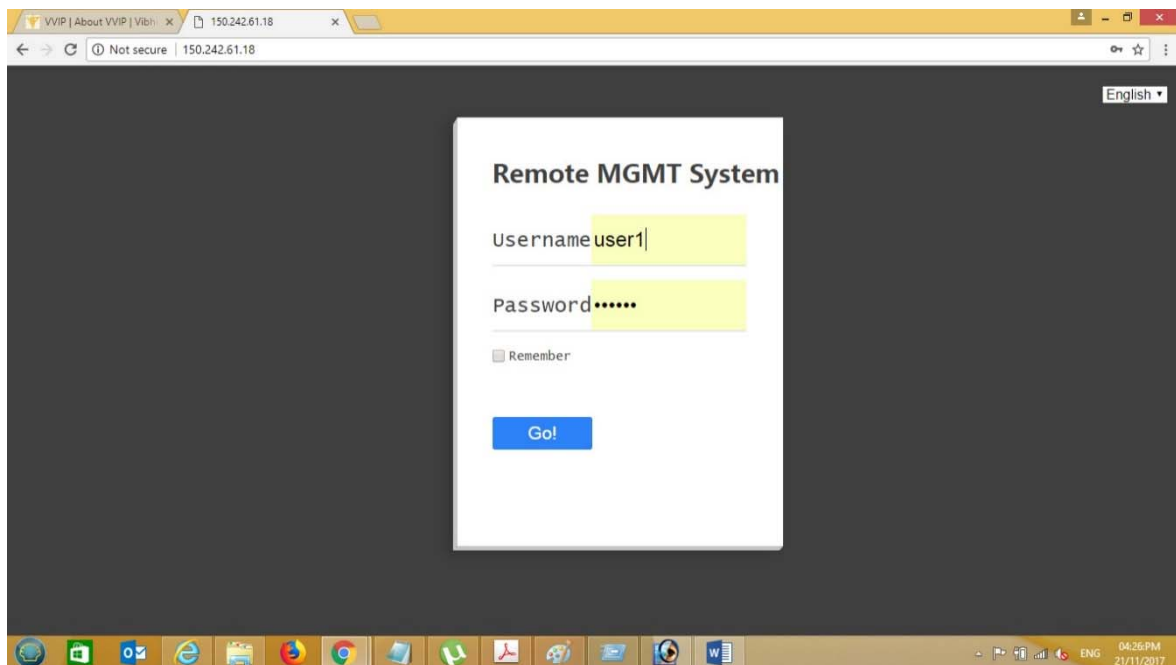

### **Following are the steps to see live footage:**

1. Open our website [www.vvipspaces.com](http://www.vvipspaces.com)
2. Go to project page & click on VVIP Homes Project .

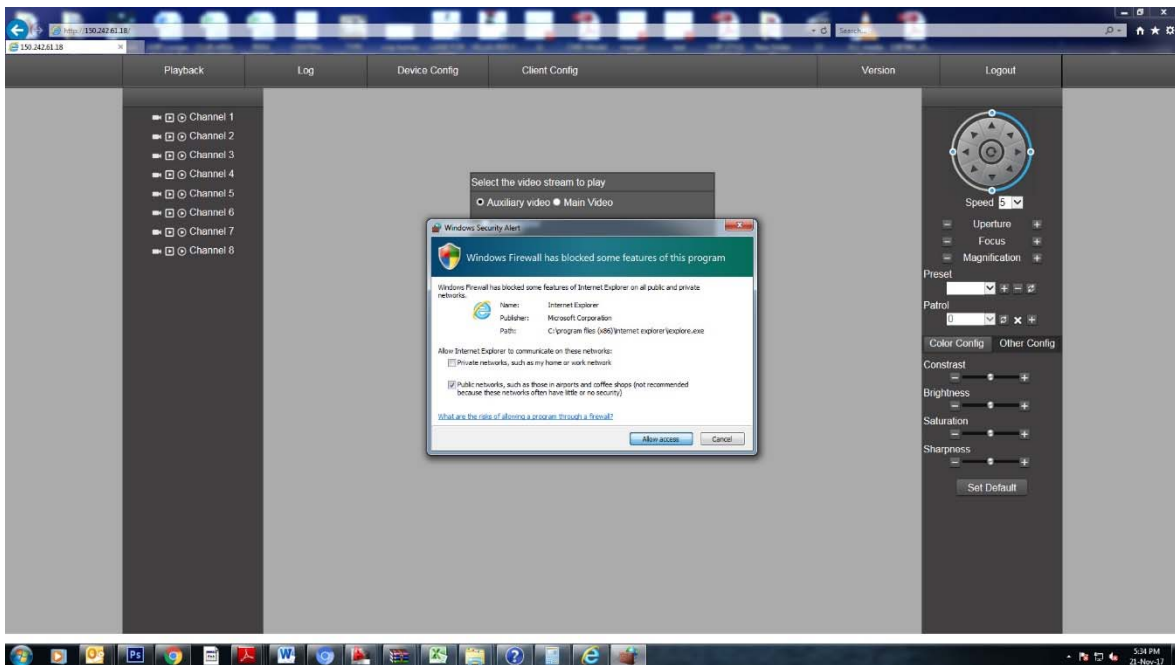

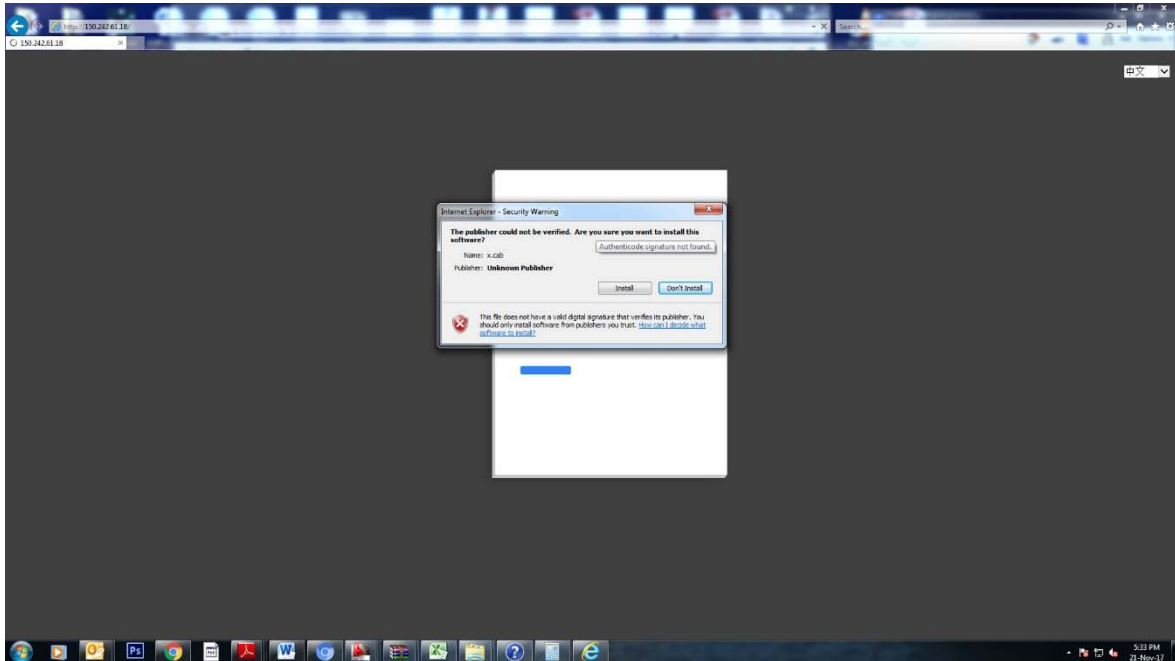

3. Click on construction progress and you will see this window (If this window allows then put user id **user1** and password **123456**).

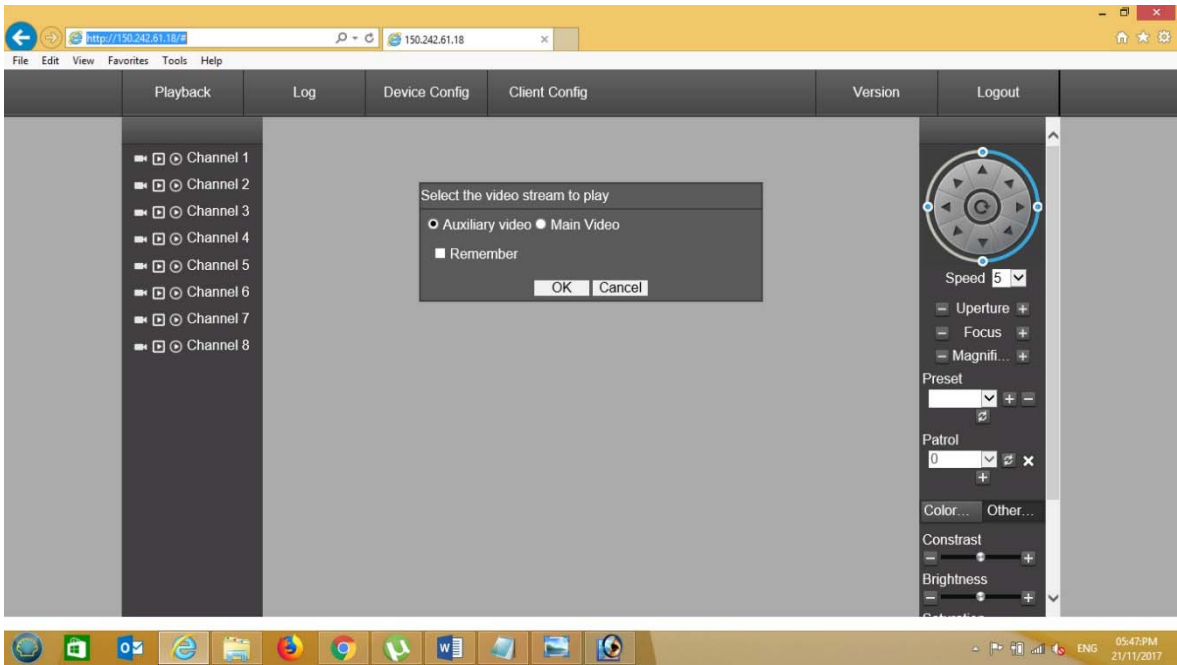

4. After waiting a minute you will see a bar to install ActiveX control( That is basically a web viewer software plug-in, that will incorporate into the Internet Explorer.)

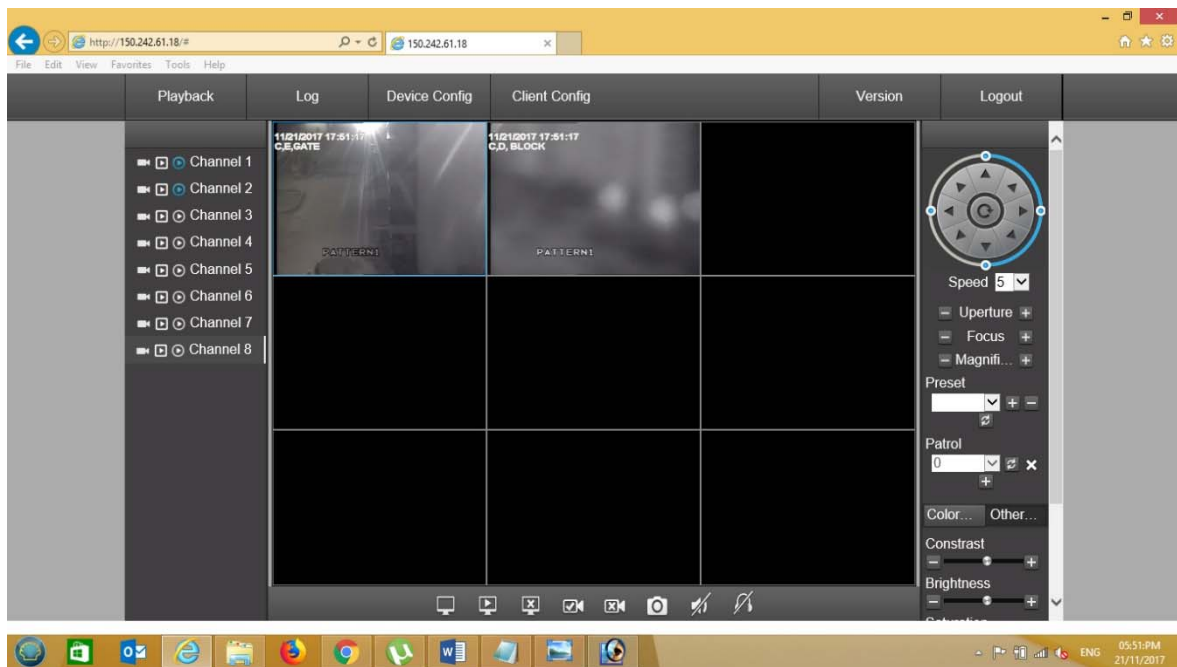

5. Click on allow control.

6. After completing installation, you will come to the following page there you have to put User-Id(user1) and password (123456) and press.

7 Click On Ok

Now watch n enjoy seeing live footage of VVIP Homes.
